TERMS AND CONDITIONS

Please review the Terms and Conditions for details on all aspects of the engagement

We look forward to working with you!

SERVICE OVERVIEW

04

Here's a snapshot of how our services work

01. **Coordination**

The Bloom logistics team works with us directly on your behalf. They handle trucking to/from our facility and we handle unloading/loading and storage to their specifications.

02. **Equipment**

We provide a suite of equipment and expertise when it comes to handling your goods. From forklifts to cranes and rigging, we provide two points of redundancy for every stage.

03. **Communication**

You will be alerted to upcoming work and provided with detailed pictures and documentation as each phase is completed.

04. **Insurance**

You are required to provide insurance with appropriate coverage to protect the items from loss, damage, or theft while stored. Please review the Terms and Conditions for more

05. **Charges**

To simplify financial modeling, we offer a standard monthly unit rate for all projects. Warehousing is billed monthly, while skid-mounted units incur variable handling costs due to craning fees. Cranes are reserved daily for eight hours, with overtime charges based on Bloom's delivery schedule.

FAQ – GENERAL

01. Who is T2G Logistics and what is their experience with handling/storing fuel cells?

T2G is an asset based warehousing company based in Southern New Jersey (near Philadelphia). We began working with Bloom Fuel Cells in 2021 as an extension of work we were doing on behalf of a pre-existing customer. T2G Logistics is not affiliated with Bloom Energy.

02. Where are storage locations?

We have three (3) locations located in Southern New Jersey:

- 1201 N 10th Street, Millville, NJ 08332 (Indoor/Outdoor Storage)
- 141 Sheridan Avenue, Vineland, NJ 08360 (Indoor Storage)
- 345 Lincoln Avenue, Vineland, NJ 08360 (Indoor/Outdoor Storage)

03. Can a customer visit the warehouse?

Yes absolutely! With advanced notice we encourage customers and/or their representatives to visit.

04. Who pays the warehousing charges?

T2G contracts directly with the customer for warehousing services/fees.

05. What Security is in place?

We have exterior lighting, perimeter fencing, a camera system and an alarm system.

T2G LOGISTICS - AN INDUSTRIAL FOCUS

My Great Grandfather, Samuel Levin, immigrated to the United States in the early part of the 20th century and began a scrap metal business.

He is shown here during World War II seated at the top of a pile of old cars being recycled to support the War effort.

Today, our businesses still revolve around industrial equipment and supporting progress. Maybe it's true what they say that certain things are just in the blood – metal is certainly in ours.

We take pride in what we do, do what we say, and remember our past.

Iron Rich - Cash Poor,

SAMUEL J LEVIN
